

## **Remote Learning Plan September-December 2020**

North Park Church Cooperative Preschool's Remote Learning Plan describes a meaningful, interactive, and enriching program for the start of the 2020-2021 school year. Below you will find remote learning tuition information, a description of the Remote Learning Plan, a sample lesson plan, parent involvement information, and important dates. Here at NPCCP, it is our goal to provide families with the tools they will need to navigate preschool at home, as well as to help facilitate community-building events while we are away from our physical preschool space. As a cooperative preschool we want you, the parent, to know that your voice matters and we are always open for input and suggestions.

### **Remote Learning Plan Description:**

NPCCP will be utilizing monthly themes to help guide our remote lessons this fall:

- **September: All About Me**  
"All About Me" will be an exciting theme as we get to know each other at the start of our school year! Introductions, sharing favorites, making self-portraits, and discussing emotions will be some of the topics and activities included during September.
- **October: Fall**  
As fall quickly approaches, observing the seasonal changes around us will authentically connect us. Going on a leaf hunt, creating leaf prints, and interacting with apples/pumpkins will be some of the topics and activities included during October.

- **November: Community Helpers**

This month, we plan to identify the helpers that are all around our community. Discovering what a community helper is, sharing what helper you may want to be, and participating in a community helper search are some of the topics and activities included during November.

- **December: Family/Traditions**

As the holiday season approaches, we will take time to recognize our family and the traditions we celebrate. Creating a family collage and sharing family traditions will be some of the topics and activities included during December.

Each week, preschool students will be invited to join in on preschool live session(s)\* via Zoom:

- **Young 3s** class will have two live sessions with a duration time of approximately 20min. **Tuesdays and Thursdays at 9 am**
- **Preschool 3s** class will have two live sessions with a duration time of approximately 30min. **Wednesdays and Fridays 9 am**
- **Preschool 4s** class will have three live sessions with a duration time of approximately 40min. **Tuesdays, Wednesdays, and Thursdays 10 am**

\* The live session duration times may vary week to week and may increase if stamina is gained. Additional small-group Zoom sessions will be offered in October for the Preschool 3s and 4s upon request.

To help engage and guide students with their learning at home, monthly preschool supply bags will be distributed with an optional meet-up event included. See table below for Supply Pick-up/Meet-up dates:

### **Parent Involvement:**

As a cooperative preschool, parent involvement is a key factor to a well-run school year. With a remote start to this school year, we will hold off on officially forming parent committees, and in their place, we will hold monthly parent feedback and input meetings via Zoom. These meetings will give an opportunity for parents to share ideas of activities for upcoming themes, suggestions for social distancing meet-up locations, and ask questions about the remote learning.

\*\* We ask that at least one parent/guardian attend our first parent meeting; Orientation Night!
