2021-2022 Application for Enrollment

Parent Co-Op Participation and Responsibilities

NPCCP is a cooperative effort that cannot thrive without the time and talents of its students' family members. Our school's low tuition is possible partially due to the volunteer contribution of parents in the classroom every day. Along with assisting in the classroom monthly, your participation on a committee is essential to the functioning of our school. Our bylaws require that one parent from each family serve on a committee. Please sign up to be a committee member or committee chair at orientation. Your commitment should not exceed two hours a month average and could vary slightly from month to month.

A Note on Remote Learning:

We at North Park Church Cooperative Preschool plan to hold in-person preschool for the 2021-2022 school year. Please see our current Reopening Plan listed below for the safety guidelines we will follow. These guidelines follow the Illinois Department of Public Health and Department of Child and Family Services requirements to reopen for in-person preschool. Note that these requirements will change as restrictions are lessened. In addition, a remote option will not be available while an in-person program is in place.

Due to the ongoing pandemic, we continue to navigate our program with health and safety as the number one importance for our students, families and teachers. If best practices indicate that it is unsafe to meet for in-person preschool we will implement our Remote Learning Plan and hold all classes remotely via Zoom. Please see a Sample Remote Learning Plan listed below. In this plan all classes will receive a weekly newsletter which will include; live session lesson plans, pre-recorded craft and read aloud videos, additional activities to try at home and optional outdoor meet-ups. In addition, monthly supply bags will be distributed to each student to help guide at home learning following our monthly themes. The NPCCP Remote Learning Plan will provide families with the tools they will need to navigate preschool at home as well as help facilitate community building events while we are away from our physical preschool space. If remote learning is implemented tuition cost will be reduced. Please see more information below:
